

MSC REFRIGERANT & OIL REQUIREMENT FORM

With the increased use of HFC refrigerants using POE lubricants, we must now determine which refrigerants and oils will be used in your system. This will allow us to test the compressor with the correct type of refrigerant and oil. This will also ensure that the compressor is shipped with the correct oil or less oil if required.

Customer Info (Please fill in top section completely and submit to HCI Customer Service - Fax: 1-800-288-8546)

Customer (Company) Name _____

Customer Purchase Order # _____

Refrigerant to be used in compressor by customer (ex. R-22 or R-134a etc.) R- _____

Oil to be used in compressor by customer (Mineral oil or POE (Synthetic)) _____

Design operating conditions for compressor SST _____ °F SDT _____ °F

For Synthetic (POE) Oil Applications

Ship compressor with POE oil (Additional charge will apply) **YES / NO** (If Yes Oil ISO = _____)
(Compressors requiring POE oil will be shipped dry unless requested otherwise by the customer.)

Customer Signature _____

Date Signed _____

DO NOT COMPLETE INFORMATION BELOW THIS LINE. TO BE COMPLETED BY HCI A.E. PERSONNEL

HCI Sales Order # D _____

Compressor Model # _____ Compressor Serial # _____

(To be filled in by Shipping Manager after inspection)

Please Check One of the Following

- Compressor(s) to be used with HFC refrigerant and synthetic (POE) oil. **(Must be tested on R22 Dept. 10 test stand.)**
Compressor(s) must be nameplated for HFC refrigerant listed above.
- Compressor(s) to be used with R-22 and synthetic (POE) oil. **(Must be tested on R22 Dept. 10 test stand.)**
- Compressor(s) to be used with R-22 or similar HCFC and mineral oil. **(Must be tested on R22 Computer test stand.)**

This form must be signed and dated by HCI Applications Dept. before order is submitted to Production Dept. Please attach this form to the Sales order/invoice/work order all the way through to final inspection and shipment.

Compressor tested with R- _____ & _____ Oil

STOCK COMPRESSORS: Oil Changed to: _____

HCI Applications Engineer Signature _____

Date Signed Off _____

HCI Shipping Inspection Manager _____

Date Inspected for Compliance _____

NOTE : This Form Is to be filed in the Compressor Build folder
